12th June 2020

Dear Sir/Madam

**RE: 10B Warren Mews, London, W1T 6BY/Planning application 2020/1175/P**

I write regarding the retrospective planning application as above for the erection of a porch. We are the freeholders of 10A Warren Mews and this structure has been built illegally and has been attached to my property without party wall consent or authorisation and has caused considerable damage to the fabric of my property which is why I am contending the application.

Furthermore, whilst contending the application I have established that the land that this has been built on falls within the highway boundaries. The door for the porch opens outwards even further into the mews across your boundary and also across my front door making access to my property difficult and very frustrating.

Could you please acknowledge receipt of this letter and come back to me with what actions we can take and if you need any further information. I can supply my full planning objection if necessary which has detailed photographs and further reasons for the objection. The planning permission hearing date is 22nd June 2020.

Yours faithfully

Mac LAL  
Director
