 - >
 - > The people of West Hampstead and Kilburn have been constantly bombarded of late with plans to erect these ugly Beasts, They are a danger to our health and well being. This being recently proved via court case won in Europe Turin and soon to be proven here.
 - >
 - > Many of us suffer and are affected by electro magnetic and micro waves. The worry of being under daily assault and battery from these forms of radiation is enough For our mental health to suffer, Merely knowing they exist!
 - >
 - > It's a shame that Camden Council seems to have an utter disregard for the peoples and community that elected it.
 - >
 - > Please help us and do the right thing by the people, and declare Camden a 5G free Zone until It is proven safe for ALL inhabitants by Science that is not bought by the establishment to promote it's agenda. We all know it's for surveillance purposes and nothing else. It's a tracking enabler and control mechanism under the guise of faster downloads. No conspiracy just facts.
