

**REDINGTON FROGNAL**  
NEIGHBOURHOOD FORUM

13 May, 2021

Dear Ms Ryan,

**Application 2021/1514/P: 17 Ferncroft Avenue - comment**

Thank you for forwarding this application to the Neighbourhood Forum for comment.

The Forum is interested to understand how the following values have been calculated for question 30 Environmental Impacts of the planning application form:

- the Urban Greening Factor score of 0.2
- NOx total annual emissions of 120 kg and particulate matter annual emissions of 19 kg.

If these questions are relevant for the application, then we query which, if any, of the policies in the Redington Frognal Neighbourhood Plan have been considered?

Yours sincerely,

*Nancy Mayo*

Secretary
