

Glass roof panels of 1A Gladys Road the terrace proposed would see directly into bottom floor kitchen /living area, creating no privacy.

It would give us no privacy in our private garden as would overlook our garden.

We summitry of the slopping building roofs unbalance the pair of properties and aesthetics of the buildings. t The errace would appear visually obtrusive and prominent addition to the property would unbalance the pair of properties.

The noise created by the terrace which would be above our bedrooms

Work has already started, resulting in someone falling through the ceiling bottom flat where terrace would g.o We are concerned the structure not will not hold a terrace.
