2021/1085/P	Marcus Allchorn	19/05/2021 17:31:41	OBJ	<p>I have attended monthly Philosophy For All meetings in the function room of the Cock Tavern for many years and object to the proposed loss of this vital community space.</p> <p>The proposal includes modifying the existing flats on the first floor to create a corridor to the new flat replacing the function room. The same changes could be made simply to provide the fire escape route required to satisfy the condition in the previous planning permission. The argument that a fire escape cannot be provided and the use of the function room must stop is clearly false.</p>
