1.0 Introduction and Context

1.1 Introduction

Square Feet Architects have been appointed by our client to look into the possibility of extending their property at 24 Netherhall Gardens, within the Fitzjohns/Netherhall Conservation Area.

The purpose of this report is to secure planning permission for the development that we are proposing for the site, and to give sufficient information for the Council to approve these proposals.

Any drawing extracts within this report are Not To Scale.
For scaled drawings please see accompanying drawings.
