2021/1527/P	J. Prooth	25/05/2021 07:57:34	OBJ	<p>31 Elsworthy Road, London NW3 3BT</p> <p>From long experience in this borough, whenever there is a proposal of a 'basement development', I feel dread.</p> <p>a) Is it necessary and what are the consequences: b) Disruption to the area and the neighbours. c) Disturbance - to the foundations and general impact on properties - in turn leading to land heaving/sinking if not noticed at first - appears within a space of a few years.</p> <p>Unfortunately I have and am suffering from this (and not the only one), only find out that The Planning Department at Camden Council are not interested.</p> <p>I therefore suggest that in this borough planning permission for these basement extensions are banned.</p>
