I support the application of the Erection of the a mansard roof with dormer windows and front terrace to create one new self-contained flat, Conversion of existing second floor Replacement of all windows and double glazed ones and minor alterations of the ground floor steel entrance. I therefore support the planning making the appearance much brighter and also enabling much people to find jobs during this recession. I will be less burden of the families. Therefore I am very pleased about it.

If I object less people will be employed and the NHS will be a burden on the taxpayers. Families will be better off and the household will be free. They will be able to pay their bills, food stuffs, clothing etc.

As that I tell say they is so objection, the plan is
has been all done the builders have worked
very hard and I do this is is no worry
at all.

Thank you.
