2021/2575/T	Henry Freeman	26/05/2021 11:25:03	COMMNT	Strongly object to the felling of this tree! It's clearly visible by the public from the road and so adds considerable social value in our historic conservation area. Too many trees have been cut down in Camden recently, and we should make sure that trees like this one are fully protected by a Tree Protection Order (TPO). As well as the visual benefits for the local community, the tree also provides important environmental benefits in terms of improved air quality and biodiversity. Save the tree!
2021/2575/T	Nicole	26/05/2021 10:20:09	OBJ	I am concerned about another tree being felled that is not causing problems on the locality. It's a beautiful tree, has birds nesting in it, and can be seen by the public and is therefore considered a local amenity. Camden makes a commitment to planting trees, but it is lip service given that most go unwatered and many get unnecessarily felled. This makes Camden a less pleasant place to live.
2021/2575/T	molly ayton	26/05/2021 15:37:05	PETITNSUP P	To Whom it may concern. I am deeply saddened by the thought that such a beautiful tree should be felled. Trees like endangered wild animals on this planet have a right to live. Without them, we will not have a home on this tiny planet. We as humans do not own it and should conserve at all cost these magnificent trees.
2021/2575/T	Jeff Atmajian	26/05/2021 16:39:11	OBJ	On Behalf of 15 Belsize Park Gardens, I am writing to Strongly object to the felling of this tree. It adds considerable value in our historic conservation area. Too many trees have been cut down in Camden recently, and we should make sure that trees like this one are fully protected by a Tree Protection Order (TPO). As well as the visual benefits for the local community, the tree also provides important environmental benefits in terms of improved air quality and biodiversity.
2021/2575/T	Gail Fitzgerald	26/05/2021 11:52:02	OBJ	This tree should not be felled. It is a beautiful sight for the public and improves our air quality. We all know more trees should be planted not more felled. Please do the right thing and don't allow this lovely tree to be chopped down.
2021/2575/T	george everett	26/05/2021 11:38:24	COMMNT	I strongly object to the removal of this tree. It contributes significantly to the area. There appears to be no justification for doing so. George
2021/2575/T	Chris Barnett	26/05/2021 18:45:50	OBJ	I often work in the area and would like to place an objection to the felling of this tree. Trees enhance the area and this is a time when we desperately need them to offset the levels of carbon generated by local traffic.
