I was taken aback to learn that you were considering allowing a 5G mast to be erected right next to Primrose Hill. This seems an extraordinary action, which will spoil the beautiful views of the trees and greenery in this park.

I know the area very well, having lived there and now regularly returning every summer for two months to house sit. The park gives SO much pleasure to everyone who comes. PLEASE do not spoil this very special green space. And surely it is a conservation area?
