I see that you are planning a Grottesque 5 mast with its possibly necessary boxes. Why spoil another very beautiful view with street clutter when you could shove it, the mast, near the railway, or have a shorter mast on the waterwork land or ontop of your ghastly boxes in the zoo car park. Placing the mast, if you must have such a large one with so much box clutter, on a street out of a classic view would be a sensible choice. I believe this planning proposal ought to be refused. Keep Primrose Hill views for public pleasure and healthy exercise.
