## Application for prior approval of a proposed: Enlargement of a dwellinghouse by construction of additional storeys

Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended) - Schedule 2, Part 1, Class AA

### Privacy Notice

This form is provided by Planning Portal and based on the requirements provided by Government for the sole purpose of submitting information to a Local Planning Authority in accordance with the legislation detailed on this form.

Please be aware that once you have downloaded this form, Planning Portal will have no access to the form or the data you enter into it. Any subsequent use of this form is solely at your discretion, including the choice to complete and submit it to a Local Planning Authority in agreement with the declaration section.

Upon receipt of this form and any supporting information, it is the responsibility of the Local Planning Authority to inform you of its obligations in regards to the processing of your application. Please refer to its website for further information on any legal, regulatory and commercial requirements relating to information security and data protection of the information you have provided.

### Publication on Local Planning Authority websites

Information provided on this form and in supporting documents may be published on the authority's planning register and website. Please ensure that the information you submit is accurate and correct and does not include personal or sensitive information.

If you require any further clarification, please contact the Local Planning Authority directly.

### 4. Eligibility

Was the current use of the building as dwellinghouses only granted by virtue of permitted development rights under Schedule 1, Part 3, Class M, N, O, P, PA or Q of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended)?

☐ Yes ☒ No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Was the current building constructed between 1 July 1948 and 5 March 2018?

☒ Yes ☐ No

If you have answered No above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Have additional storeys already been added to the original building (as it stood on 1 July 1948, or as built after that date; or, if 'Crown land', as it stood on 7 June 2006, or as built after that date)?

☐ Yes ☒ No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Would the proposed extended building's:

- height exceed 18m (as measured from ground level to the highest part of the roof); or

- roof be:

- more than 3.5 metres higher than the highest part of the existing roof, where the existing building consists of one storey above ground level; or
- more than 7 metres higher than the highest part of the existing roof, where the existing building consists of more than one storey above ground level.

☐ Yes ☒ No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

If the dwellinghouse is not detached, would the proposed extension result in the highest part of the roof exceeding 3.5 metres above either:

- the highest part of the roof of the building it is joined to (e.g. by party wall or adjoining main wall); or
- if in a terrace, the highest part of the roof of any building in the row it is situated

☐ Yes ☒ No / The dwellinghouse is detached

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Would the floor to ceiling height, measured internally, of any proposed additional storey exceed:

- 3 metres; or
- the floor to ceiling height, measured internally, of any existing storey of the principal part of the existing building

☐ Yes ☒ No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

#### 4. Eligibility (continued)

Will the proposed additional storeys only be constructed on the principal part of the building (i.e. the main part of the building excluding any front, side or rear extension of a lower height, whether this forms part of the original building or a subsequent addition)?

☒ Yes ☐ No

If you have answered No above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Will any proposed engineering operations reasonably necessary to construct the additional storeys include:

- provision of visible support structures on or attached to the exterior of the building upon completion of the development; or
- anything other than works within the existing curtilage of the building to strengthen existing walls and foundations

☐ Yes ☒ No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Is any part of the land or site on which the building is located:

- article 2(3) land;
- a site of special scientific interest;

☐ Yes ☒ No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Will the materials used in any exterior work be of a similar appearance to those used in the construction of the exterior of the existing dwellinghouse?

☒ Yes ☐ No

If you have answered No above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Will the roof pitch of the principal part of the proposed extended dwellinghouse be the same as the roof pitch of the existing dwellinghouse?

☒ Yes ☐ No

If you have answered No above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Will the development include a window in any wall or roof slope forming a side elevation of the building?

☐ Yes ☒ No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Following the development, will the dwellinghouse be used within Use Class C3 and for no other purpose, unless that purpose is ancillary to the primary use as a dwellinghouse?

☒ Yes ☐ No

If you have answered No above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

## 5. Description of Proposed Works, Impacts and Risks

Please describe the proposed development, including:

- details of any works proposed;
- the external appearance of the dwellinghouse, including the design and architectural features of the principal elevation (and any side elevation that fronts a highway)

It is proposed to construct an additional storey on the residential property at 41 Lamble Street, NW5 4AS, in line with the standards set out within Class AA, Schedule 2, Part 1 of the GPDO. The proposed additional storey will be constructed on the principle part of the existing dwellinghouse.

It would accommodate 1 bedroom, 1 shower room and 1 living room. In line with the requirements, no windows will be located on the side elevations of the additional storey. Additional windows will be located in the front and rear elevations in order to provide the new bedrooms with good levels of light. The total height of the additional storey, at 2.6m falls within the parameters set by the guidance.

As demonstrated on the accompanying plans, the materials of the additional storey have been carefully selected in order to match the materials of the existing dwellinghouse. The brickwork, render and parapet will match the existing. The windows will be white framed casement windows to match the existing. This ensures that the additional storey is seen as a natural extension of the existing dwellinghouse and not as a separate element.

What is the current height of the dwellinghouse:  
(measured externally from ground level to the highest part of the roof)

5.8

metres

What will be the height of the dwellinghouse once the additional storeys are added:  
(measured externally from ground level to the highest part of the roof)

8.4

metres

## 5. Description of Proposed Works, Impacts and Risks (continued)

Please provide details of the impacts on the amenity of any adjoining premises including overlooking, privacy and the loss of light and how these will be mitigated:

The existing dwellinghouse, due to its position and setting, does not result in any detrimental impacts to neighboring properties. The erection of an additional storey will not result in any further impact on neighbor amenity.

The dwelling house follows a NNW SSE axis. Amenity to the south of the property will not be effected by overshadowing or loss of light. To the north of the dwelling house, the shallow gardens of the neighbors will not be effected by the additional storey. On the northern side of Lambie Street, behind high walls, the rear gardens of properties facing Oak Village will not be negatively impacted by the proposed development. The proposal will not increase the risk of overlooking or loss of privacy to any existing properties.

Due to the position of the existing dwellinghouse, it is not considered that there will be any significant loss of light due to the erection of the additional storey and the proposal would have no noticeable impact on the amenity of neighboring properties. The development is therefore in compliance with criteria (i) Paragraph AA.2 (3) (a) of The Town and Country Planning (General Permitted Development) (England) (Amendment) (No.2) Order 2020.

Please refer to Design Statement for further details.

Please provide details of any air traffic and defence asset impacts and how these will be mitigated:

The application site does not fall within an airport or defence asset safeguarding zone and so will not result in any impacts to either air traffic or defence assets.

Please refer to Design Statement for further details.

Where relevant (due to the siting of the building), please provide details of the impact on any protected view.

Note that these are identified in the Directions Relating to Protected Views dated 15 March 2012 issued by the Secretary of State.

The application site does not fall within a Protected Vista and so the proposal will have no impact on any protected views.

Please refer to Design Statement for further details.

## 6. Checklist

Please read the following checklist to make sure you provide all the required information in support of your proposal. The information provided should include all the details necessary for the Local Planning Authority to determine if the proposal complies with permitted development legislation, and if its prior approval will be required.

If sufficient information is not provided the Local Authority can either request it, or refuse the application.
