2021/0328/P	Roach	05/06/2021 17:45:39	OBJ	This would severely impinge negatively on our privacy and sense of well being by further overlooking our property and creating a sense of being 'blocked in' by taller buildings. How can this possibly be granted when our application for a few inches to our roofs was rejected?? Inconsistency reflects a lack of fairness of judgments and professionalism. There are only 2 residents in this property so what are the reasons for requirements for additional storey?
2021/0328/P	S. Diana Danziger	06/06/2021 15:05:23	OBJ	<p>I live at 8 Tobin Close, and object to the proposed planning application on the grounds that an additional storey on this building would:</p> <ul style="list-style-type: none"> <li>- block out sunlight coming into the gardens and houses at Nos 1-8 Tobin Close. The amount of sunlight in the gardens at Nos. 1-8 Tobin Close is already diminished by Kings College Court on the east and Dorney on the west. As it is, Kings College Court prevents sunlight from coming into my garden in particular until very late morning.</li> <li>- be an invasion of privacy as it would provide a direct line of sight into gardens and both upstairs and downstairs rooms in Nos. 1-8 Tobin Close.</li> <li>-</li> </ul> <p>Furthermore, while all the buildings at Nos. 9-14 have requested similar permissions, there is no obligation on their part to follow through if planning permission is granted. If only some of them follow through, there would be an unsightly and uneven 'skyline' at Nos. 9-14 Tobin Close which would significantly diminish the value of the properties at Nos. 1-8 Tobin Close.</p>
