Dear Planning Team,

I strongly object to a 5G mast being placed on Regent's Park Road near Primrose Hill park.

Primrose Hill is a wonderful green area in central London and the introduction of ugly transponder mast will ruin the serene atmosphere of the district. All my neighbours find this plan a hideous intrusion.

In addition, 5 gigahertz radiation from these masts has a health impact on birdlife and pose a potential health risk the babies and children who frequent the park.

yours sincerely
Dr Rupert Holms
66 Regent's Park Road
Primrose Hill
London NW1 7SX
