Re 2021/1813/P

Dear Sir,

I would like to add my objection to the many that I am sure you will have received to the erection of an internet mast on the border of Primrose Hill. It would be the worst sort of environmental vandalism to allow the mast to go ahead, defiling the landscape and making the park a far less attractive environment for residents and visitors alike.

It is time that Council planners learnt that progress is not served by rubber-stamping projects that destroy the prospect and tranquillity of neighbourhoods. As a local resident, I can vouch that internet speeds are perfectly satisfactory without the erection of such an eyesore.

Yours truly,

Michael Arditti,
18 Darwin Court,
Gloucester Avenue,
London NW1 7BG
