2021/0925/P	Highgate Conservation Area Advisory Committee	07/06/2021 11:41:25	OBJ	2021/0925/P: 103 Swains Lane Highgate Conservation Area Advisory Committee objects to this proposal. The exact nature of the proposal needs to be established. The application form states this proposal involves the creation of a new residential unit of 60sm. Elsewhere the proposal is described as creating an 'annexe' to the existing house. The flat as proposed is unsatisfactory in a number of respects: - the bedroom has no daylight, - the kitchen only has a pavement light in the ceiling although it is open plan with a bright living space, - there are inconsistencies between the plans and elevations: the plan shows doors to the store whereas the elevation shows a round window - sound proofing to walls and insulating the garage walls would result in a reduction to the floor area
