Subject: Application ref. 2021/2216/T

I am writing to object to the removal of this tree. I feel that we should do all that is reasonably possible to retain mature trees in our neighborhoods. They are not replaceable. This tree provides a sense of separation between our flats in 27/29 Gloucester Avenue and those on Regal Lane, in addition to providing a habitat for birds and other wildlife. Thank you for your consideration.
