Dear Sirs

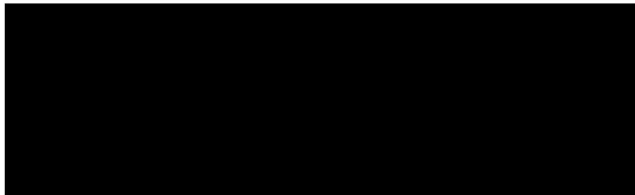

Re. Application for roof extension, 17 Fitzroy Road, NW1 8TU

I bought my flat (1st and 2nd floors, 17 Fitzroy Road) in February 1996 – more than 25 years ago. The two bedrooms are quite small and, now that we're retired, my husband and I feel the need for more space.

In drawing up plans for a roof extension we have borne in mind the necessary restrictions related to the Conservation Area, and have tried to do something that would add rather detract from the area I know and love so well.

I do hope you will view our application kindly.

Yours sincerely

Philippa Stewart
