Date: 03.06.2021

To whom it may concern,

I write to confirm that the implementation works relating to planning application 2017/1006/P at 15 Wedderburn Road, London, NW3 5QS were undertaken by Built London Ltd acting as Principal Contractor under the instruction of the applicant Daniel Wagner of the same address.

A specialist sub-contractor, 4Site Construction Ltd, was engaged to undertake the installation of two pile foundations forming part of the proposed basement and lower ground floor plans. Site mobilisation commenced on the 03rd March 2021 with hoarding set up and trial pits dug in the following days. Drilling then began on the 8th March for the installation of the piles which were then completed on the 9th March 2021.

I enclose on the next page photographs throughout the different stages as evidence of the works.

If I can assist you any further, please do not hesitate to contact me on the details above.

Kind Regards,

Clive Sall

Director
