## 6. Non-Material Amendment(s) Sought

Please describe the non-material amendment(s) you are seeking to make

Are you intending to substitute amended plans or drawings?  Yes  No

Please state why you wish to make this amendment

The requested changes are as a result of a review of the design programme for each of the design packages which make up the buildings within the main site. As a result of this we have identified a number of conditions which require discharging before design information is available which create issues with the delivery of the project. The requested changes proposed ensure that the rationale for the conditions is met whilst not impacting on the delivery of the scheme. Some of the requested changes are clarifications which align with the intent of the condition triggers as drafted but are to provide certainty for St George's design team.

Can the site be seen from a public road, public footpath, bridleway or other public land?
