PLANNING APPLICATION - Camden Council
Planning officer - Nathaniel Young

Application No: 2021/1782/P
GLEBE HOUSE, Fitzroy Mews

FAO Planning officer Nathaniel Young

12th June 2021

Dear Mr Young,

OBJECTON

I hereby strongly object to the proposed development to increase the height of 'Glebe House', in Fitzroy Mews. I am opposing this development because of the loss of light this will cause to my neighbours in the Mews and because it sets a precedent for other buildings to be built higher in future, overlooking the historical setting of Robert Adam's Fitzroy Square.

Also if this development goes ahead it will cause a lot of disruption, noise, and dust to those living and working in the Mews. The scaffolding on the front, on Cleveland Street, would be detrimental to the businesses there.

I therefore oppose this application vehemently.

Kind regards
Jenny
