123A Goldhurst Terrace - Enhanced Site Monitoring Role for Basement Construction works_Rev00

Dear Shahil,

Thank you for confirming our appointment for the enhanced monitoring role in connection with the proposed basement construction for the above project. The objective of the enhanced monitoring role is to ensure compliance with Simple Works drawings and specification for the basement works and we intend to visit site fortnightly throughout the course of the basement construction.

As requested my professional membership number with the Institution of Structural Engineers is:
028368678

If you require any further information from us at this stage please don't hesitate to ask.

Yours sincerely,

Philip Isaac (PhD, MEng, CEng, MStructE)
Simple Works
