Dear Mr Sheehy,

I had difficulties registering my objections on Camden Councils website for 9- 14 Tobin Close planning applications.

I there wish to formally lodge my objection to each property on the grounds that it will hugely affect my privacy and access to daylight and skyline.

Furthermore it will be out of character with the remaining houses of Tobin Close 1-8 who were in recent years, refused permission to increase their roof height by a small amount.

How can an increase in the roof height of half the houses in the same Close be allowed when the other half are denied? I would appreciate your justification of this please.

Furthermore, if planning is indeed granted, is there an appeal process through which the residents affected by and opposed to the development, can access?

I was also told by one of the residents that they intend to claim ownership of the strip of council land behind houses 9-14 on Adelaide Road on the grounds that they have maintained it. Please can you confirm that Camden still own that strip of land and who maintains it.

House number 9 have built a gate accessing council land. Please confirm if planning permission was obtained.

Many thanks  
F.Roach
