2021/2071/P	Francoise Findlay	15/06/2021 20:54:19	OBJ	There was permission given in 2015 for substantial change and additions to this house and although that has now lapsed there is no reason to imagine that the present officer will take a substantially different view. I continue to maintain that the extension of roughly 5 metres into the garden is excessive although it is gratifying to see that the design is much improved as it replicates the original bay. Like so many raised terraces this will be a nuisance for the neighbours. Privacy is described thanks to planting but it is a fact that conversations at that level travel far more widely than when at ground level. With a balcony at roof level and terracing at the garden level this raised terrace should not be allowed.
