Subject: 19 Willoughby Road NW3 1RT

Dear Camden Planning,

I am writing with reference to: 2021/2710/T. We live next door to 19 Willoughby Road and our house has been very badly damaged as a result of this Cypress tree. We have had a large number of cracks internally at the front of our house close to where the tree is. Externally the wall which holds up the flower bed is so damaged that it is about to fall down. We totally agree that the only way to resolve this is to have the tree felled. Our property has suffered for over 3 years as a result of this tree and we would like to see this work done as soon as possible.

Kind regards,

Helen Zucchi
