Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Full Planning Permission Granted

Address:
64 Goodge Street
London
W1T 4NF

Proposal: Installation of glazed timber framed doors and bifold windows with recessed awning to shopfront.

Drawing Nos: Site Location Plan A-000-P1, A-300-P1, A-400-P2, A-402-P1. Design and Access Statement.

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policies D1 and D2 of the London Borough of Camden Local Plan 2017.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans Site Location Plan A-000-P1, A-300-P1, A-400-P2, A-402-P1. Design and Access Statement.

Reason: For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission:

The revised proposed alterations to the shopfront are considered to be acceptable in terms of scale, design and materials. The proposed arrangement is considered well suited to the host building and closely matches the proportions of the neighbouring units.

The timber framed shopfront shall include a new fascia board with recessed fabric awning. It shall also have fanlights above the main windows and stall risers to the base. The bifolding elements of the window openings are considered acceptable here due to the traditional design detailing; meaning that when closed they will not appear out of place in the street scene. The position and proportions of the projecting sign board are also acceptable. It is noted that advertisement consent is not included with this application. Any adverts shown on the proposed plans are for indicative purposes only; the word 'signage' is shown to demonstrate the expected proposal for advertisement consent to follow upon confirmation of the occupying retailer.

The Council's Conservation Officer has reviewed the proposals and has confirmed the proposed works would preserve the character and appearance of the Charlotte Street Conservation Area.

Given that the proposed development will replace an existing shopfront it would not impact the amenity of any adjoining residential occupiers in terms of outlook, daylight, noise or privacy.

No objections were received prior to the determination of the application, and the site's planning history was taken into account when coming to this decision.

Special attention has also been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

As such, the proposed development is in general accordance with policies A1, D1, D2 and D3 of the London Borough of Camden Local Plan 2017. The proposal also accords with the London Plan 2021 and the National Planning Policy Framework 2019.

- 2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (tel: 020-7974 6941).
- 3 This approval does not authorise the use of the public highway. Any requirement to use the public highway, such as for hoardings, temporary road closures and suspension of parking bays, will be subject to approval of relevant licence from the Council's Streetworks Authorisations & Compliance Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No 020 7974 4444). Licences and authorisations need to be sought in advance of proposed works. Where development is subject to a Construction Management Plan (through a requirement in a S106 agreement), no licence or authorisation will be granted until the Construction Management Plan is approved by the Council.
- 4 All works should be conducted in accordance with the Camden Minimum Requirements - a copy is available on the Council's website (search for 'Camden Minimum Requirements' at www.camden.gov.uk) or contact the Council's Noise and Licensing Enforcement Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No. 020 7974 4444)

Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You must secure the approval of the Council's Noise and Licensing Enforcement Team prior to undertaking such activities outside these hours.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2019.
