## 49 Willow Road, London NW3 1TS

Dear Emma,

I am writing to confirm that I am a Chartered Structural Engineer with the Institution of Structural Engineers (membership number: 024445930) which meets the requirement set out in Camden Council's planning requirements.

I obtained Chartered status in 2000 and have over 20 years' continuous experience in basement construction for large scale commercial as well as smaller residential projects.

I hope the above is sufficient, please do let me know if you have any queries.

Yours sincerely,

**Philip Kwan** BEng (Hons) CEng MStructE  
Director
