2021/2514/P	Robert Dowsett	22/06/2021 08:59:48	OBJ	<p>Dear Sir or Madam,</p> <p>I live at 6 Gayton Crescent and I can see the whole of the Ted Levy development (known to its residents as Gayton Place) from every room at the front of my house except for the Lower Ground Floor).</p> <p>38 Gayton Road is seen on the left-hand side from my house and my aspect is of the rear of the houses.</p> <p>38 is part of 5 house terrace and all the houses are identical in every detail. Nonetheless, personalisation of the space outside is evident at the Ground floor level but there is no alteration to the structure. I have been told this is all that residents of Gayton Place are permitted to undertake under their freehold/leasehold covenants.</p> <p>As the partial drawing "Existing rear elevation" shows, the appearance of the next door house is exactly the same as its neighbour. Indeed, it is exactly the same as all the other four houses in the terrace. If you wish to confirm this, please let me know.</p> <p>I object to the proposal to increase the size and structure of the door on the Upper floor. It will significantly detract from the architectural harmony which Ted Levy designed.</p> <p>This Planning Application should be refused.</p> <p>Yours faithfully,</p> <p>RJ Dowsett</p>
