## Summary of representations

A consultation response was received from a **local resident in South End Close**, supporting the proposal, as follows:

1. Support: Can the organisation responsible consider re-siting these onto and around South End Green near Heath entrance to continue information and interest. These would generate much interest from visitors using Hospital, cafes and station which are high footfall.

### Officer response:

1. The Council will ensure that the applicant is made aware of the suggestion.
