01. The ventilation extract locations have been updated across the scheme. This has been carried out where relevant in order to rationalise the design following design coordination. The extract grilles remain the same in design and size, and in some cases have been omitted/moved.

04. The brickwork between the windows was approved as a herringbone pattern. All herringbone pattern has now been updated to basketweave. Small area highlighted for reference but is relevant to all brickwork on all buildings.

14. Grafton Terrace has security screens to the TRA Hall on ground floor level which are sliding screens that run around the façade to all doors and windows. Some of these security screens on the West Elevation – which faces the garden have been
