There is likely to be a lot of traffic as a result and it is in the basement of flats and not designed for commercial usage.</p> <p>This is a residential area and there is already considerable traffic at that precise location and often heavy pollution from the idling traffic. There are also a lot of school children using the bus stops immediately beside this address and I am concerned for their safety.</p> <p>I believe that both the additional traffic, pollution and safety concerns means that this application should be rejected.
