Landscape Design Roof Terrace:

The expansive terrace on the 7th floor provides an opportunity for valuable urban greening, office break-out space for employees and ecological enhancements.

The Spatial arrangement looks into creating small pockets of sitting areas with integrated benches.

Varied heights of planters give interest to this compact layout and opening views to the City Urban character on the East.

Planters set back from the railing also encourages people to access the building edge and overlook the street.

KEY

- ① Terrace Access
- ② Raised planters (600mm & 450mm high)
- ③ Raised planters (1600 high) with storage underneath
- ④ Bench Integrated with Planters
- ⑤ Timber decking
- ⑥ High quality porcelain tiles
- ⑦ Greenhouse (3 nos)

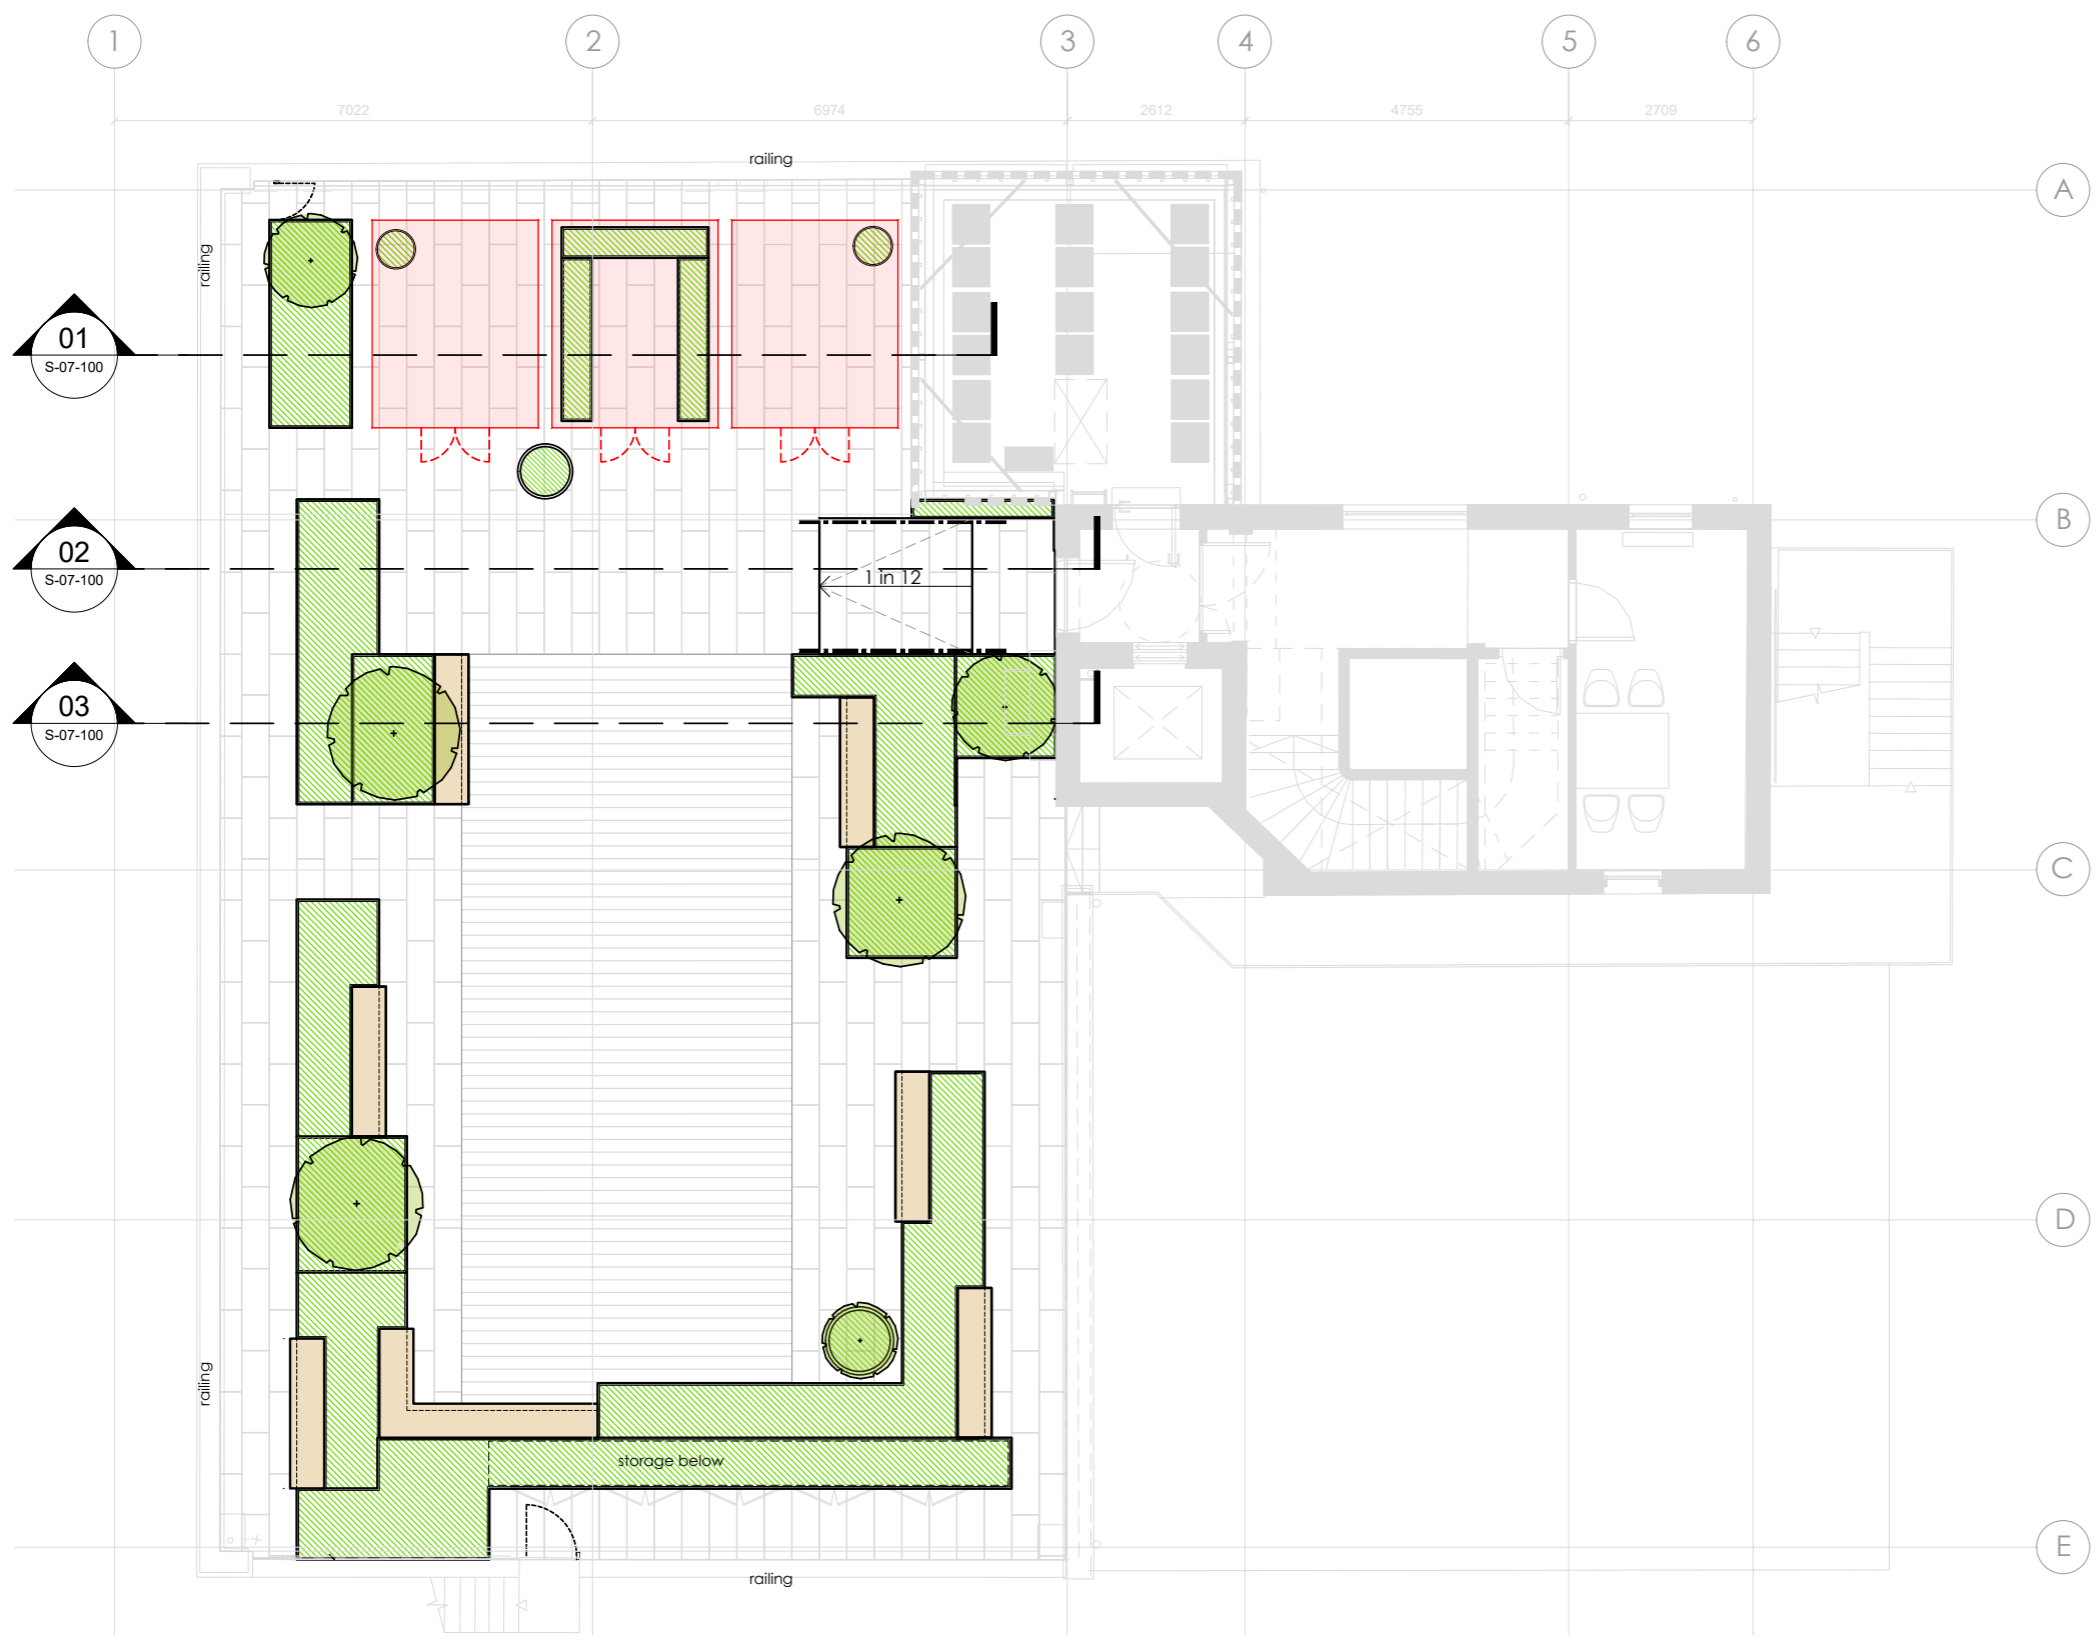

Frosted glass / film up to 1.9m height on the North side of green house. Privacy for neighbour.

Pots placed inside the meeting pods gives a softer feel to the interior space.
