

Application No:	Consultees Name:	Received:	Comment:	Response:
2021/1761/P	Jayne Mitchell	29/06/2021 10:58:13	OBJ	We OBJECT to this planning application and would like to set out our concerns as follows : this building has a garden and therefore there is no need for additional access to outside space; the rooftop terrace will impact the privacy of neighbours, both next door and opposite; the potential for noise and other nuisances at sociable and unsociable hours is immense. Please review this application in the context of the street, where it would be the only terrace of its sort and might set a precedent for the unwarranted development of an already crowded roofline. (These comments take into account the fact that the existing unauthorised terrace at no 75 is subject to a variety of enforcement notices and planning applications to significantly reduce the size of their terrace, non of which have currently been complied with)
