2021/1233/P	Hari Virk	27/06/2021 20:55:51	INT	I approve of the change to residential but the bike shed at the back will need to be relocated and the two large trees need to be considered. Those trees have been allowed to grow too large and need to be cut back. Any development should not interfere with access to neighbouring properties for maintenance and repair.
2021/1233/P	Mr P Wilkins	26/06/2021 12:23:29	COMMNT	Please clarify on proposal drawings the method for supporting the existing rear elevation balconies above ground level. Please confirm provision within, and access to, rear courtyard for refuse and cycle storage (as referred to in earlier planning consent), together with provision for refuse collection on Millman Street frontage. Coram Mansions has a single staircase serving all accommodation above ground floor. Has Building Control and the Fire Officer been consulted on this planning proposal, in particular additional lower ground level accommodation impacting on, and capacity of the means of escape route to Millman Street?
