

**ENVIRONMENTAL HEALTH
SUPPORTING COMMUNITIES**

To:	[REDACTED]
From:	Paul Adams [REDACTED] LBC Contaminated Land Team
Date:	30.06.2021
Address:	Land surrounding Snowman House and Casterbridge Belsize Road London Camden NW6 4DP
Proposal:	Variation of Condition 2 (approved plans)
Reference:	2020/2486/P dated 27/11/20
Key Points:	No objection – variations not related to / affecting land condition

ENVIRONMENTAL HEALTH OBSERVATIONS

PART 1 - Introduction

The following documents were reviewed in preparation for the comments below:

Cover letter from CBRE (Sinead Mcnestry) to David Fowler (Planning and Building Control – LBC) dated 9th June 2021 outlining proposed changes to design / plans submitted previously.

PART 2 – Comments

The proposed changes appear to relate to the redesign / relocation of air distribution systems primarily sited on the roof of a building. We do not consider that these changes have any bearing within our discipline and hence we have no comments to make in this regard and no objection to the proposals.

Sincerely,

Dr Paul Adams
Acting Contaminated Land Officer – London Borough of Camden.
