Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Householder Application Granted

Address:

Flat A
43 Crediton Hill
London
NW6 1HS

Proposal:

Installation of timber framed French doors with frosted glass Juliet balcony balustrade to first floor rear elevation.

Drawing Nos: Site Location Plan, A3/ ExPrDrg601-PL01-15461-02, A3/ ExPrDrg203-PL01-15461-02. Design and Access Statement.

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless

otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy D1 and D2 of the London Borough of Camden Local Plan 2017, and Policies 2 and 3 of the Fortune Green and West Hampstead Neighbourhood Plan 2015.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans Site Location Plan, A3/ ExPrDrg601-PL01-15461-02, A3/ ExPrDrg203-PL01-15461-02. Design and Access Statement.

Reason: For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission:

The proposed alteration to the rear elevation is considered acceptable in terms of scale, design and materials. The new French doors with frosted glass Juliet balcony will closely match a similar intervention at a neighbouring property (No. 39, ref: 2011/4529/P dated 28/11/2011).

Given the surrounding context; and that the proposed timber framed doors with Juliet balcony shall be detailed to match the design and materials of the host property, this alteration is considered acceptable. The frosted glazed element will provide additional privacy for the occupant.

The proposed opening does not create opportunities for any additional overlooking to any property other than that already experienced by the existing window to be replaced. Due to the minor nature of the proposed scheme, the development would not have a material impact on existing residential amenity by virtue of loss of light, outlook or privacy or a sense of enclosure.

The alteration is considered to be in keeping with the existing local character and is not considered to be detrimental to the appearance of the host building or the West End Green Conservation area.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the Conservation Area, under s.72 of the Planning (Listed Buildings and Conservation Area) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

No objections were received prior to the determination of this application. The planning history of the site has been taken into account when coming to this decision.

The development is considered to generally accord with policies A1, D1 and D2 of the London Borough of Camden Local Plan 2017, and policies 2 and 3 of the Fortune Green and West Hampstead Neighbourhood Plan 2015. The development also accords with the London Plan 2021 and National Planning Policy Framework 2019.
