Dear Sirs / Madams,

I am sorry to be late
in responding to your kind letter of 25th
May regarding the intended work on the weeping
willow tree in [redacted] garden at
No. 1, Belgrave Park. I would not wish - for
the sake of good relations - to be
identified as communicating this view, but I
do not agree with the felling of trees in any
space, private or public, unless they are actually
dangerous. Damage has been done to this particular
tree by my neighbour in the recent past, but the
tree has recovered! For me it would be shocking if
in my age of care and concern about climate, and in
respect of natural life, to lose an especially handsome
tree of this kind.
I do not use electronic communication, so would be
grateful if you could copy this letter to Planning Trees. With
truly & best wishes.
Yours sincerely,
