

Application No:	Consultees Name:	Received:	Comment:	Response:
2021/2926/T	Wooding	30/06/2021 23:00:39	COMMNT	I agree with the application that has been put together by a qualified arborist together with the residents of the Elm Village Area. The works are, unfortunately, necessary for the safety of residents as well as for the health of the other trees and the green environment in the area.
2021/2926/T	Tom Fernandez & Roger Sharpe	30/06/2021 16:48:58	SUPPRT	We have seen the problems that have been caused by the numerous and aged trees in our vicinity and are anxious about any further damage or disruption. Therefore we are fully in support of this application. Both of us in the household feel that this application would be hugely beneficial to the locality in many ways and are more than keen to add our utmost support.
2021/2926/T	Andreas Syrimis	30/06/2021 13:21:42	SUPPRT	Tree management in urban areas is important, including pruning and replacing and should be done according to the recommendations of experts such as gardeners and arborists.
