

NOTES.

1. The contractor must check and confirm dimensions.
2. All discrepancies are to be reported to and resolved by the engineer before works are commenced.
3. Drawings are not to be scaled.
4. All work and materials are to be in accordance with the building regulations and to comply with all relevant codes of practice and British Standards.
5. All drawings are to be read in conjunction with the notes on this drawing.
6. Thermal insulation to be provided to give:
 - 6.1. U-value to flat roofs of 0.18 w/m² k.
7. All structural timber to be pressure preservative treated. All cut ends to be site treated.
8. All electrical works to be designed and installed by a competent person, being a member of an approved self-certification scheme.
