2021/1610/P	Mr Senchal	01/07/2021 11:02:20	OBJ	I would not be in favour of this development and would advise Camden council to decline this application just like they have with all other developments that fall within the conservation area (just like my previous submission). Additionally, my property (138 fleet) shares a 7m wall with the proposed property in question - the proposed development will incur serious noise pollution in an already noise polluted area. I work from home and the proposed development would cause serious disruptions to my day.
