2021/2925/T	Louise Lewis	03/07/2021 15:34:55	OBJ	<p>2021/2925/T Fitzroy Lodge The Grove N6 6LH FRONT GARDEN: 4 x Sycamores (G1) - Fell to ground level and poison. 1 x Sycamore (T1) - Fell to ground level and poison. 1 x Elder (T3) - Fell to ground level and poison</p> <p>Refuse. The map is unclear and inaccurate so it difficult to see exactly which trees are proposed for felling, what effect it will have on this singularly verdant corner and what effect it will have on the attractive view of the front of the house from The Grove. No other tree except T2, unidentified, are marked on the map so one cannot work out which trees it is planned to retain. Nor are the other species given. I think I saw a holm oak in G1. There is no arboricultural report on the state of the trees and one of the sycamores in G1, seems older than the others. There is no reason given for the felling. Highgate Neighbourhood Plan Policy OS2: Protection of Trees and Mature Vegetation I. Within the conservation areas or when protected by a TPO, specimen, veteran and mature trees and mature vegetation, which have townscape, ecological or amenity value should be retained where possible. The use of 'poison' should be avoided wherever possible.</p> <p>The application should be withdrawn or refused.</p> <p>Louise Lewis Highgate Neighbourhood Forum</p>
