2021/2926/T	Max Bondi	04/07/2021 12:40:08	SUPPRT	<p>I am a resident in Elm Village, and I fully support this application.</p> <p>It is important to maintain the character and beauty of the neighbourhood, though good maintenance of local trees and replacement where necessary, while ensuring the safety of the neighbourhood and residents.</p>
2021/2926/T	James Fawcett	04/07/2021 21:17:03	SUPPRT	<p>All works to these trees are necessary and overdue. Many of the trees have been allowed to grow too large risking damage to adjacent properties, roads and pavements due to extensive roots exacerbated by a lack of maintenance and unchecked growth. Oversized crowns are also encroaching over houses and gardens risking damage to roofs, parked cars and safety of passers-by. The essential remedial work proposed, which should be carried out at the earliest opportunity, will extend the life of these trees long term and prevent the need for them to be felled and replaced in the near future.</p> <p>Trees in the allotment area by the canal, particularly the field maples, are too large and shady and should be removed and replaced with smaller trees such as fruit trees. Large forest trees are not suitable for this location or anywhere near to small houses and gardens.</p>
