Dear Ms Henry

I wish to object to the development of the basement of the Cascades.

I understand that when the flats were built they were refused basement use for vehicles - if that is true how can Camden agree to it being used as a warehouse depot with vehicles obviously coming and going constantly.

Presumably the lorries delivering the goods would have to go up Cricklewood Lane and then turn right down Platts lane to Briardale Gardens then down Briardale Gardens and turn left on the Finchley Road to reach the Cascades. The vehicles cannot just drive down Platts Lane to the Finchley Road and turn right because there is no right turn and even if it was allowed, they would be on the wrong side of the road This development would make Briardale a complete nightmare and the pollution levels would rise.

Regards  
Ian Fiertag
