Dear Madame,

I am writing to you to put forward my objection to the granting of planning permission for the Jiffy Grocery warehouse/delivery hub.

I grew up in Hampstead with my family still living in the same flat further down the Finchley Road.

My husband and I moved to Moreland Court 2 years ago and as young professionals preferred to stay within the same area, as it provided a good balance of safety, calm, and closeness to our jobs, which would allow us to bring up our growing family.

Allowing this warehouse/delivery hub to open would disrupt all of that not only for us but for the majority of people that choose to live in this area. Surely there are many industrial sites within London where such a warehouse could be housed appropriately and not within a residential area.

This part of the Finchley Road already gets bottlenecked with existing traffic at peak times, I wouldn't dare to think what the traffic, noise and air pollution levels will be if this planning application were to be granted.

In an ever increasing time of internet sales, we still hold strong to the community feel that this area provides, so please help us to maintain it.

I would be very appreciative if you could consider the above and remain hopeful that you will do your utmost to retain the strong sense of community, the residential feel and the quality of life that the borough of Camden provides.

Many thanks in advance.

Kind regards

Nicoleta Skyllas
