Application for tree works: works to trees subject to a tree preservation order (TPO) and/or notification of proposed works to trees in a conservation area.

## Town and Country Planning Act 1990

### Publication of applications on planning authority websites.

Please note that the information provided on this application form and in supporting documents may be published on the Authority's website. If you require any further clarification, please contact the Authority's planning department.

### 1. Trees Location

Number	42
Suffix	
Property name	
Address line 1	Chetwynd Road
Address line 2	
Address line 3	
Town/city	London
Postcode	NW5 1BY
If the location is unclear or there is not a full postal address, describe as clearly as possible where it is (for example, 'Land to rear of 12 to 18 High Street' or 'Woodland adjoining Elm Road')	
Easting (x)	528753
Northing (y)	185952
Description	

### 2. Applicant Details

Title	Mr
First name	Eric
Surname	Fergusson
Company name	
Address line 1	42 CHETWYND ROAD
Address line 2	
Address line 3	

## 2. Applicant Details

Town/city	<input type="text" value="LONDON"/>
Country	<input type="text" value="United Kingdom"/>
Postcode	<input type="text" value="NW5 1BY"/>

Are you an agent acting on behalf of the applicant? ☐ Yes ☒ No

Primary number	<input type="text"/>
Secondary number	<input type="text"/>
Fax number	<input type="text"/>
Email address	<input type="text"/>

## 3. Agent Details

No Agent details were submitted for this application

## 4. What Are You Applying For?

Based on the type of work proposed and the location and protected status of the trees involved, there are various details and supporting information that will need to be supplied in order for the Local Planning Authority to determine the application.

Are you seeking consent for works to tree(s) subject to a Tree Preservation Order? ☐ Yes ☒ No

Are you wishing to carry out works to tree(s) in a conservation area? ☒ Yes ☐ No

### Documents and plans (for any tree)

A sketch plan clearly showing the position of trees listed in the question 'Identification of Tree(s) and Description of Works' MUST be provided when applying for works to trees covered by a Tree Preservation Order. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes).

It would also be helpful if you provided details of any advice given on site by an LPA officer.

Are you providing additional information in support of your application (e.g. an additional schedule of work for question 'Identification of Tree(s) and Description of Works')? ☐ Yes ☒ No

## 5. Identification of Tree(s) and Description of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out.

You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work.

Where trees are protected by a Tree Preservation Order, please number them as shown in the First Schedule to the Tree Preservation Order where this is available. You should use the same numbering on your sketch plan (see help for sketch plan requirements).

Please provide the following information:

- Tree species
- The number used on the sketch plan); and
- A description of the proposed works.

Where trees are protected by a Tree Preservation Order you must also provide:

- Reasons for the work; and where trees are being felled
- Proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

e.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with one standard ash in same position.

1 palm tree to be removed from rear garden.  
Tree has grown to an approximate height of 20 feet, and it is growing at the rate of a couple of feet per annum. The garden measures 5m by 5m, and the tree is less than 4m from the house. This presents multiple risks;  
1. contributing factor to movement and perhaps subsidence risk to the house. Cracks have appeared within the walls of the house. The house is built on clay and is a victorian terrace with shallow foundations; it is highly likely to assume that the growth of the tree is contributing to the movement  
2. risk to surrounding buildings; both own and of neighbours. At 20 feet of height, were the tree to fall in the event of strong winds, it could damage any number of buildings as well as walls and belongings of neighbours

We do not plan to replant the tree; but we plan to continue to maintain shrubs and flowers within the garden

## 6. Tree Ownership

Is the applicant the owner of the tree(s)?

☒ Yes ☐ No

## 7. Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

☐ Yes ☒ No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

## 8. Trees - Declaration

I/we hereby apply for planning permission/consent as described in this form and the accompanying plans/drawings and additional information. I/we confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them. ☒

Date (cannot be pre-application)

09/07/2021
