Proposal Replacement of 7 single glazed Crittall windows with double

glazed aluminium windows on north east and south west

elevations at 3rd floor level.

Objection Yes

Observations OBJECT

Strongly object to the proposed replacement aluminium

windows.

The opening sections are crude and far too thick and the

horizontal rhythm of the glazing is lost.

The selected system will harm the character and uniform

appearance of the whole development.

What's is wrong with Crittal? They do modern replacements

to their original windows.
