Subject: Planning objection Ainger Mews

[EXTERNAL EMAIL] Beware – This email originated outside Camden Council and may be malicious Please take extra care with any links, attachments, requests to take action or for you to verify your password etc. Please note there have been reports of emails purporting to be about Covid 19 being used as cover for scams so extra vigilance is required.

Hi Enya,
I trust you are well?

John Muirhead shared your details regarding the planned developments to Ainger Mews, adjacent to our house.

I wanted to add my formal objection to the planned works; whilst I totally understand the desire to create more living space and value, the planned works would significantly disrupt our house which backs onto the development (we live at 2 Ainger Road).

The potential compromise to light, the noise disruption and indeed the reality of greater living capacity in an already highly populated area would be meaningful. Indeed (and ironically) I suspect the development's valuation gain would be our loss, given the reduction in light to what is currently a bright, south-facing rear of our house.

Like our neighbours who've already reached out to you, I am completely open to discussion with both the owners of the property and the planning authorities, to discuss this further.

I look forward to hearing from you.

Best,
Richard
