20. Biodiversity and Geological Conservation

Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?

To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals.

a) Protected and priority species:

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

b) Designated sites, important habitats or other biodiversity features:

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

c) Features of geological conservation importance:

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

21. Open and Protected Space

Will the proposed development result in the loss, gain or change of use of any open space?

☐ Yes ☒ No

Will the proposed development result in the loss, gain or change of use of a site protected with a nature designation?

☐ Yes ☒ No

22. Foul Sewage

Please state how foul sewage is to be disposed of:

☒ Mains Sewer

☐ Septic Tank

☐ Package Treatment plant

☐ Cess Pit

☐ Other

☐ Unknown

Are you proposing to connect to the existing drainage system?

☐ Yes ☒ No ☐ Unknown

23. Water Management

Please state the expected percentage reduction of surface water discharge (for a 1 in 100-year rainfall event) from the proposal

0

Are Green Sustainable Drainage Systems (SuDS) incorporated into the drainage design for the proposal?

☐ Yes ☒ No

Please state the expected internal residential water usage of the proposal (litres per person per day)

0.00

Does the proposal include the harvesting of rainfall?

☐ Yes ☒ No

Does the proposal include re-use of grey water?

☐ Yes ☒ No

24. Trade Effluent

Does the proposal involve the need to dispose of trade effluents or trade waste?

☐ Yes ☒ No

25. Residential Units

Does this proposal involve the loss or replacement of any self-contained residential units or student accommodation (including those being rebuilt)?

☐ Yes ☒ No

Does this proposal involve the addition of any self-contained residential units or student accommodation (including those being rebuilt)?

☐ Yes ☒ No

33. Industrial or Commercial Processes and Machinery

Is the proposal for a waste management development? ☐ Yes ☒ No

If this is a landfill application you will need to provide further information before your application can be determined. Your waste planning authority should make it clear what information it requires on its website

34. Hazardous Substances

Does the proposal involve the use or storage of any hazardous substances? ☐ Yes ☒ No

35. Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land? ☒ Yes ☐ No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?

- ☐ The agent
☒ The applicant
☐ Other person

36. Pre-application Advice

Has assistance or prior advice been sought from the local authority about this application? ☒ Yes ☐ No

If Yes, please complete the following information about the advice you were given (this will help the authority to deal with this application more efficiently):

Officer name:

Title	<input type="text"/>
First name	<input type="text"/>
Surname	<input type="text"/>
Reference	2021/1655/PRE

Date (Must be pre-application submission)

14/05/2021

Details of the pre-application advice received

Repaint brick and stucco exterior:

Refurbishment of the front façade of Nos 201 and 203 is supported. However rather than solely repaint the front façade I would like to suggest that some of the grandeur of the property is returned with the restoration of the front parapet wall. This and repainting would truly enhance the contribution these buildings make to the streetscape and wider conservation area.

A slight increase in the height of the parapet wall will also create greater privacy and ensure the roof pergola remains obscured from view from the street.

Repair and or replace sash windows (like-for-like):

The like-for-like replacement of windows would not require planning permission and there would therefore be no objections (see CPG Home Improvements External Alterations for more details). However, the repair of historic windows whenever possible is preferred from a sustainability point of view and it should be noted that the installation of secondary glazing can be as thermally efficient .

Resurface the roof terrace to improve rainwater management/replace roof felt with natural slate shingles/insert a skylight above the bathroom. No objections from a Conservation and Design point of view.

Erect a pergola to the rear of the terrace:

This appears to be set back sufficiently from the front elevation so as not to detract from the character and appearance of the building and the Conservation Area in the public domain. The preference would be for a traditional pergola with posts which would facilitate planting which would have aesthetic, biodiversity and sustainability benefits. If the pergola was constructed of solid panels then these would not necessarily be supported. So please consider providing a traditional pergola if you decide to take this part of the proposal forward.

Amenity:

Policy A1 of the Camden Local Plan seeks to ensure that the existing residential amenities of neighbouring properties are protected, particularly with regard to visual privacy, outlook, sunlight, daylight, overshadowing and noise levels. CPG Amenity is also relevant. You have indicated that the roof terrace is long established (i.e. at least 4 years). Consequently, there would be no 'in principle' objection to the terrace related development.

The roof terrace does not adjoin any windows or terrace at the attached property (199 Royal College Street) and the proposals would appear not to prejudice the formation of a terrace at this site as there is an existing side dormer which negates such an eventuality.

Consequently, I do not consider that the alterations to the terrace or the provision of the pergola would result in any harm to the occupiers of 199 Royal College Street or any other neighbouring properties.

No other parts of the proposal would impact upon the light, privacy or outlook of any surrounding occupiers, apart from the air conditioning unit which could result in unacceptable noise.

37. Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

☐ Yes ☒ No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

38. Ownership Certificates and Agricultural Land Declaration

CERTIFICATE OF OWNERSHIP - CERTIFICATE B - Town and Country Planning (Development Management Procedure) (England) Order 2015 Certificate under Article 14

I certify/The applicant certifies that:
