- NOTES:**
- REFER TO DETAILED PLANTING - SCHEDULE L1 (L17412-TLP-SchL1)**
- All planting is specified to be carried out between the months of November and March. If planting is carried out outside this season, the specification should be changed to container grown plants only.
 - Surface Mulching to all plant beds shall be 25mm depth of LECA mulch, free from fungus, disease and debris.
 - In order to comply with DEFRA guidance: All plant stock to be either propagated from seed in the UK or grown in the UK for a minimum 12 months
 - Plant mixes: plants to be grouped in 2s and 3s of the same plant to create naturalistic groupings
