

Subject:

Ref: 2021/2474/L. 7 Upper St Martin's Lane London WC2H 9DL

Dear Colette

This application was discussed in our last meeting of the Bloomsbury Conservation Area Advisory Committee.

We object to the proposal as there is concern about the reconfiguration involved, especially removing two existing doors, however 'unused'.

This is an important corner site within a key heritage area. The removal of the doors will harm the original facade and shop front design - and one should be wary of getting rid of something that can never be 'put back'.

Best wishes

Debbie Radcliffe
